NEW WABASH EQUIPMENT

The Wabash Railroad has just received and placed in service on its lines running out of Chicago the following new equipment: eight combination baggage and passenger coaches, thirty palace day coaches, ten reclining chair cars, three café cars, and two dining cars. The majority of these new cars are seventy feet in length, and fitted with the latest style wide vestibules. They have six-wheel trucks, with steel wheels. The cars are finished in the finest selected Jago mahogany. The lighting is by Pintsch gas, with the exception of the café, dining, and some of the chair cars, which are unusually well lighted by electricity, the fixtures being especially designed for these cars. The dining cars will seat twenty-nine persons, and have ample kitchen space. The café cars will seat eighteen persons in the café, and have a library and smoking room in the observation end of the car, which will seat fourteen persons. These cars also contain a private café, with seating capacity for eight persons. These new cars represent the highest stage of the development of modern car building. Nothing has been omitted, and no expense spared, that would add to their luxurious elegance, or to the comfort and convenience of the patrons of the Wabash road.

No line is now better equipped than the Wabash for handling business to the **Pan-American Exposition**. Write for a copy of Pan-American folder containing a large colored map of the Exposition grounds, and zinc etching of the principal buildings.

BUFFALO LITHIA WATER

IN URIC ACID DIATHESIS, GOUT, RHEUMATISM, ETC. THIS WATER DISSOLVES URIC ACID AND PHOSPHATIC SEDIMENTS, ETC., ETC.

John V. Shoemaker, M.D., LL.D., *Professor of Materia Medica and Therapeutics in the Medico-Chirurgical College of Philadelphia, etc., in the New York Medical Journal, June, 22, 1899:*

"The **BUFFALO LITHIA WATER** is doubly efficient in **Rheumatism and Gout.** It dissolves **Uric Acid and Phosphatic** sediments, as well as other products difficult of elimination, while at the same time it exerts a moderately stimulant effect upon the renal cells, and thereby facilitates the swift removal of insoluble materials from the body. Without such action insoluble substances will precipitate in the Kidneys and Bladder. The intense suffering produced by **Stone**, together with consecutive **pyelitis and cystitis**, are avoided by prompt elimination. Unquestionably, although the speedy removal of **Uric Acid** and other products of faulty tissue change is of conspicuous benefit, yet to **PREVENT** their formation is a service still more important. **BUFFALO LITHIA WATER** when it corrects those digestive failures which are responsible for the production of deleterious materials."

The late Hunter McGuire, M.D., LL.D., *Formerly President and Professor of Clinical Surgery, University College of Medicine, Richmond, Va., and Ex-President of the American Medical Association, says:*

"**BUFFALO LITHIA WATER** as an alkaline diuretic is invaluable. In **Uric Acid Gravel**, and indeed in diseases generally dependent upon a **Uric Acid Diathesis**, it is a remedy of extraordinary potency. I have prescribed it in cases of **Rheumatic Gout** which had resisted the ordinary remedies, with wonderfully good results. I have used it also in my own case, being a great sufferer from this malady, and have derived more benefit from it than from any other remedy."

Dr. P. B. Barringer, *Professor of Physiology and Surgery, University of Virginia:*

"In more than twenty years of practice I have used **Lithia** as an anti-uric acid agent many times, and have tried it in a great variety of forms, both in the **NATURAL WATERS** and in **TABLETS**. As the result of this experience, I have no hesitation in stating that for prompt results I have found nothing to compare with **BUFFALO LITHIA WATER** in preventing uric acid deposits in the body. My experience with it as a solvent of old existing deposits (calculi) has been relatively limited, and I hesitate to compare it here with other forms to their disadvantage; but for the first class of conditions above set forth I feel that **BUFFALO LITHIA WATER STANDS ALONE.**"

Dr. Thomas H. Buckler, of Paris (Formerly of Baltimore), *Suggestor of Lithia as a Solvent for Uric Acid, says:*

"Nothing I could say would add to the well-known reputation of the **BUFFALO LITHIA WATER.** I have frequently used it with good results in **URIC ACID DIATHESIS, RHEUMATISM, and GOUT**, and with this object I have ordered it to Europe. **Lithia** is in no form so valuable as where it exists in the carbonate, the form in which **BUFFALO LITHIA WATER** nature's mode of solution and division in it is found in **BUFFALO LITHIA WATER**, water which has passed through **Lepidolite** and **Spondumne Mineral** formations."

Dr. J. W. Mallet, *Professor of Chemistry, University of Virginia.* Extract from report of analysis of **Calculi** discharged by patients under the action of **BUFFALO LITHIA WATER** Spring No. 2.

"It seems on the whole probable that the action of the water is **PRIMARILY and MAINLY EXERTED** upon **URIC ACID and THE URATES**, but when these constituents occur along with and as cementing matter to **Phosphatic or Oxalic Calculus materials**, the latter may be so detached and broken down as to disintegrate the **Calculus** as a whole in these cases, also thus admitting of **Urethral discharge.**"

James L. Cabell, M.D., A.M., LL.D., *Formerly Professor of Physiology and Surgery in the Medical Department of the University of Virginia, and President of the National Board of Health, says:*

"**BUFFALO LITHIA WATER** in **Uric Acid Diathesis** is a well-known therapeutic resource. It should be recognized by the profession as an article of **Materia Medica.**"

BUFFALO LITHIA WATER is for sale by Grocers and Druggists generally.
